## CAREER OBJECTIVE

As a dedicated and innovative Computer Science and Engineering student, I aspire to leverage my skills in software development, problem-solving, and emerging technologies such as Human-Comp.

## WORK EXPERIENCE

### Computer Vision • Internship

Nov 2022 - Present

Yours, Virtual

I need to earn money...

## EDUCATION

### Bachelor of Engineering (B.E), Computer Science & Engineering

2022 - 2026

K.V.G. College Of Engineering

Percentage: 80.00%

## PROJECTS

### [Healthcare appointment management system ↗](#)

Nov 2024 - Dec 2024

It is Designed and developed as a user-friendly web-based system to streamline hospital appointment bookings. The system allows patients to schedule appointments efficiently, view doctor availability, and manage their medical history. It incorporates features like role-based access for administrators, doctors, and patients, enhancing operational efficiency and reducing manual effort in appointment management.
